AWESOME INSURANCE

Universal Life Insurance

Awesome Universal Life

Awesome Universal Life Insurance provides permanent coverage with flexible premiums and an adjustable death benefit.

COVER AT A GLANCE

- **Death Benefit:** Select from $250,000, $500,000, $1,000,000, $2,000,000, up to $5,000,000 permanent coverage.
- **Death Benefit Option:** Choose Option A (level death benefit, where the benefit stays constant as cash value grows) or Option B (increasing death benefit equal to the face amount plus accumulated cash value).
- **Premium Flexibility:** Pay the target premium, minimum premium to keep the policy in force, or overfund up to IRS-defined limits to accelerate cash value growth.
- **Premium Payment Frequency:** Options for monthly, quarterly, semi-annual, or annual premium payments.
- **Interest Crediting:** Cash value earns a declared interest rate reset periodically, subject to a contractually guaranteed minimum floor (typically 2% or 3%).
- **Death Benefit Adjustment:** Ability to increase the death benefit with new underwriting, or decrease it without underwriting, as family and financial circumstances change.

OPTIONAL EXTRAS

- **No-Lapse Guarantee Rider:** Keeps the policy in force as long as the minimum no-lapse premium is paid, protecting against policy lapse if interest crediting rates underperform.
- **Long-Term Care Acceleration Rider:** Allows the policyholder to accelerate a portion of the death benefit to cover qualifying long-term care expenses during their lifetime.
- **Waiver of Monthly Deduction:** Waives the monthly insurance cost and policy charges if the policyholder becomes totally disabled, preserving cash value.

WHY CHOOSE AWESOME UNIVERSAL LIFE

- **Room to grow:** permanent cover up to $5,000,000.
- **Premiums that follow real life:** pay the target premium, the minimum, or overfund up to IRS limits, and adjust as income changes.
- **Transparent by design:** insurance cost and cash value are shown separately, so customers see what they pay for protection and what they are building.
- **Cut cover without new underwriting:** the death benefit can be reduced without underwriting when needs fall, and increased with underwriting when they grow.
- **A guaranteed floor:** cash value earns a declared rate with a contractual minimum, typically 2% or 3%.
- **Four optional riders:** No-Lapse Guarantee, Long-Term Care Acceleration, Waiver of Monthly Deduction and Accelerated Death Benefit.
- **Mid-market pricing:** permanent, flexible cover without premium-tier pricing.
